

## GLOBALAW WOMEN'S INITIATIVE FIRST MEETING

### WE ARE HERE

We are pleased to announce that the first Globalaw Women's Initiative meeting was held with great success from 23<sup>rd</sup> to 26<sup>th</sup> May, 2019 in the seaside resort of Protaras in Cyprus.

The event was hosted and sponsored by the Cyprus member firm of our network, Pelaghias, Christodoulou, Vrachas L.L.C.

Alexandra Pelaghias-Christodoulou, partner of the firm and head of the Globalaw Women's Initiative, stated that this is the beginning of a new era of our Initiative and this is the time to increase the role of women within Globalaw.

The objective of the Conference was to create a better connection and strong bonds between women within the network with the goal of future joint business development and increased cross boarder business referral activity. We are delighted to confirm that our goal was successfully achieved.

Fourteen women from the European, American and Asia Pacific regions, attended the first conference of the Initiative having as main goals to get to know each other in person, brainstorming and exchanging views on how the Initiative should further develop, networking within Globalaw in general, how to work together on joint business development and ways to increase the number of the female participants of this Initiative in order to move same forward.

A lot of decisions were taken during the Conference regarding the above issues which will be published to all female lawyers within Globalaw. Be ready for this ladies!

We are confident that a lot of female lawyers will support and share our vision about this Initiative and we know that working together can make it a success over the years.

Let's build a nice home together!
